

Seed Package

SEEDS

_____ grows _____ in the garden.

Great Gardeners Class Book

Sound Matching

Have each child illustrate a copy of the Seed Package reproducible and complete the frame (*Student's name*) grows (*plant name*) in the garden. Have students choose a plant name that begins with the same sound as their name. For example, *Kessler* grows *kiwi* in the garden or *Daniel* grows *daisies* in the garden. Bind the pages together and title the book *Our Classroom Collection of Great Gardeners*.

(Use with "In Our Garden," page 18)

Materials

- Seed Package reproducible (page 86)
- crayons or markers
- bookbinding materials

Garden Mural Matching

Sound Matching

In advance, make letter cards by writing each letter of the alphabet on a separate index card. Have students brainstorm fruits and vegetables they would like to show in a garden mural. Invite students to paint items from the list on butcher paper in the form of a giant garden mural. When the paint dries, have students tape or tack letter cards next to garden items that begin with the same sound.

(Use with "In Our Garden," page 18)

Materials

- index cards
- paint and paintbrushes
- butcher paper
- tape or tacks
