

Name _____

The Seven Continents

Write the names of the continents and oceans on the map.
Color each continent a different color.

Asia	Antarctica	North America
Africa	South America	Pacific Ocean
Australia	Europe	Atlantic Ocean

A large outline map of the world, oriented with North to the left. The map is divided into seven continents: Asia (top left), Australia (bottom left), Africa (center), Europe (center right), North America (top right), South America (bottom right), and Antarctica (far right). Each continent has a horizontal line drawn across it for labeling. The oceans are also labeled with horizontal lines: the Pacific Ocean is between Asia and Australia; the Atlantic Ocean is between Africa and North/South America; and the Indian Ocean is between Africa, Asia, and Australia.
