

NAME \_\_\_\_\_

**PROFESSOR'S MAP MYSTERY:**  
 Professor Ben Around loves discovering the wonders of the night sky as he looks through the biggest telescope in the United States. Where is he?

To find out, divide. Use the star decoder to find the letter that matches each quotient. Write the letter in the blank above the number of the problem. The letters spell the answer.

T 125	M 175	U 103	A 121	R 304	A 116
A 115	O 147	L 134	M 172	P 102	C 182
	N 141		O 201		

**ANSWER:**

1    2    3    4    5                  6    7    8    9    10    11    12'                  13    14
