

Dear Parents:

Recently, your child completed a reading assessment for the month of **October**. This assessment is designed to do many things. One, it helps me determine any areas of weakness that need to be addressed. Two, it gives you an idea of how your child is performing in a classroom setting. Finally, it gives your child some practice with PSSA style questioning. Please note that when there is only one question addressing a skill, that skill has been taught and tested at previous grade levels. It is included to be sure the knowledge was retained.

Below you will find your child's total score along with a score for each skill that was addressed on this month's test. I ask that you review the information, sign this sheet and return it to school. If you have any questions, please don't hesitate to ask. Only the total score is recorded.

Skill	Question # A circled number means it was missed on the test.
setting	1 11 15 19
sequence	4 7 14 22
context clues	5 9 16 21
literary genre	3 18 25
point of view (1 st and 3 rd person narrator)	10 20
character	2 8 13 23
author's purpose	6 12 17 24
Total Score (out of 25)	_____ =
