

Counting Coins to the tune of "A Hunting We Will Go"

A quarter's 25,
a quarter's 25,
it makes numbers come alive,
a quarter's 25.

A dime is worth ten,
a dime is worth ten,
we'll count this way again and again,
a dime is worth ten.

A nickel is worth five,
a nickel is worth five,
it makes numbers come alive,
a nickel is worth five.

A penny is worth one,
a penny is worth one,
it makes counting so much fun,
a penny is worth one.
