

Project: Rock Candy (Courtesy of Mrs. J. DeFrancesco, Girl Scout Troop 1391, Phila., PA)

Materials: 1 - jar
1 - pencil
6" piece of string (clean)
1 - paper clip
1/2-cup water
1 1/4-cup sugar

- Instructions:
- 1) Tie one end of string around pencil and the other end to a paper clip.
 - 2) Place pencil across top of jar, suspending string and paper clip inside of jar.
 - 3) Boil 1/2 cup of water.
 - 4) Slowly add sugar to boiling water by the teaspoonful until no more sugar will melt. Let cool several minutes.
 - 5) Pour melted sugar into jar and set in warm place (do not cover jar).

In about one week crystal rock candy will form - ready to eat.
