

WALKING WALNUT ANIMALS

Project:

Walking Walnut Animals (Courtesy of Marion
McKeeman, Pack #148, National Park, N.J.)

Materials:

Walnut shell halves
Felt
Pieces of straw from broom
White glue
Marbles

Instructions:

- 1) Using walnut shell as the body, cut pieces of felt in the shape of eyes, head, feet and tail for either a turtle or mouse
- 2) Glue felt body parts onto walnut shell
- 3) Attach pieces of straw to create mouse whiskers
- 4) When finished, place marble under each walnut shell, and watch animal scramble down book or board
