

CONSTRUCTION

Toothpicks

Task 110

Material: white glue or airplane cement,
wood or cardboard, flat toothpicks,
spray paint.

DIRECTIONS

1. With airplane cement or white glue, make a shape or form with toothpicks.
2. Mount on wood or heavy cardboard.
3. Try to imagine how you want your shape to look. You may build up and out.
4. You may work on this project several days.
5. It may be left natural or sprayed with color.
