

FINGER PAINT

Task 13

Materials : liquid starch, tempera powder paint, newspaper, glue, scissors.

DIRECTIONS

1. Pour a puddle of starch about the size of a mason jar lid.
2. Put tempera powder paint on starch.
3. Mix starch and tempera over the sheet and make a design or pattern with your fingers.
4. Use only one hand for mixing and designing.
5. Let dry - trim and mount.
