

Watching in the Wilderness

(to the tune of "The Old Gray Mare")

Here we sit, we're watching the wilderness,
(children squat on the ground, moving their heads side-to-side with eyes
open wide)

Watching in the wilderness,
Watching in the wilderness

Here we sit, we're watching in the wilderness
Quiet as can be
(children get very quiet and put finger over their lips)

Here we sit, we're watching in the wilderness
Watching in the wilderness
Watching in the wilderness

Here we sit, we're watching in the wilderness
Looking all around
(children put hands to face like binoculars and move their heads side-to-
side)

Here we sit, we're watching in the wilderness
Watching in the wilderness
Watching in the wilderness

Here we sit, we're watching in the wilderness
Spying animals
(children point to the animals they "see")
