## My Chick Book

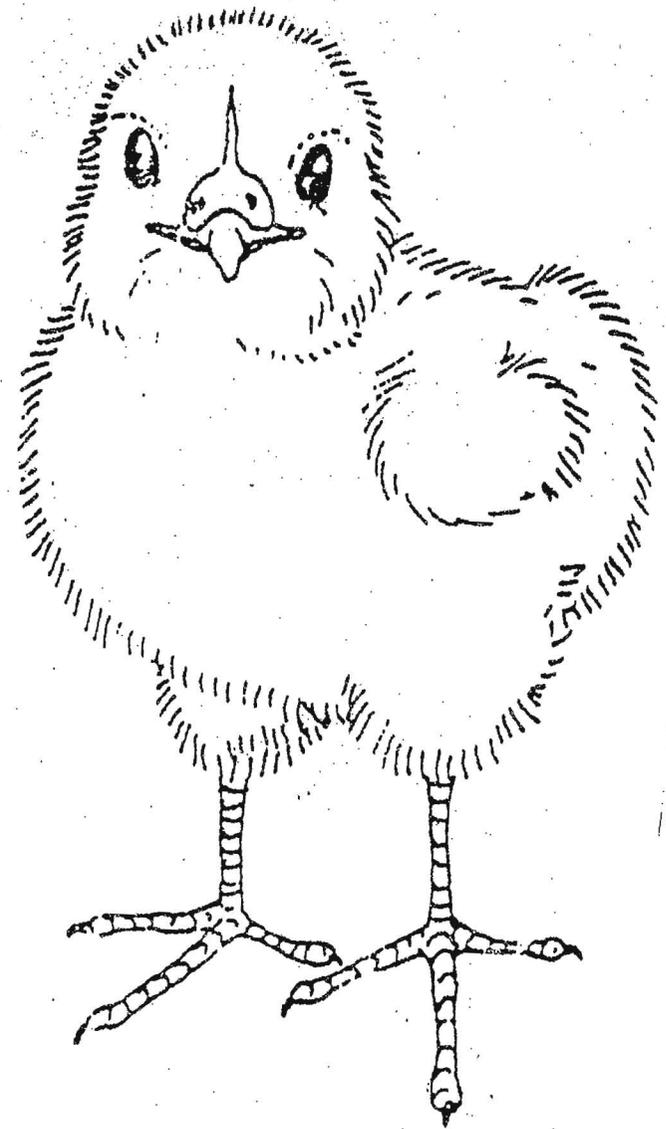

Daddy Rooster takes  
care of the flock.

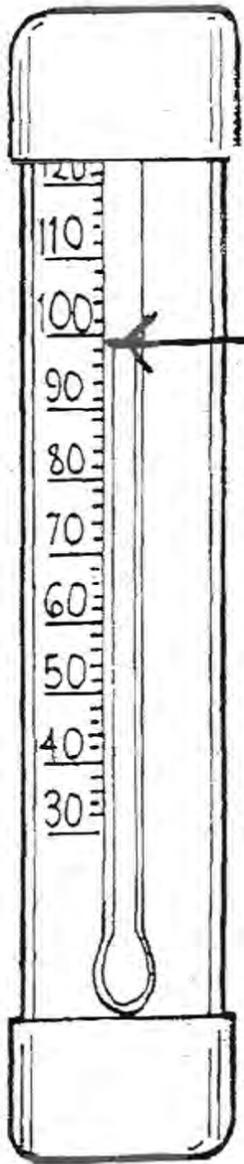

My Name \_\_\_\_\_

**Mother Hen lays the eggs.**

**Baby chick wants some food.**

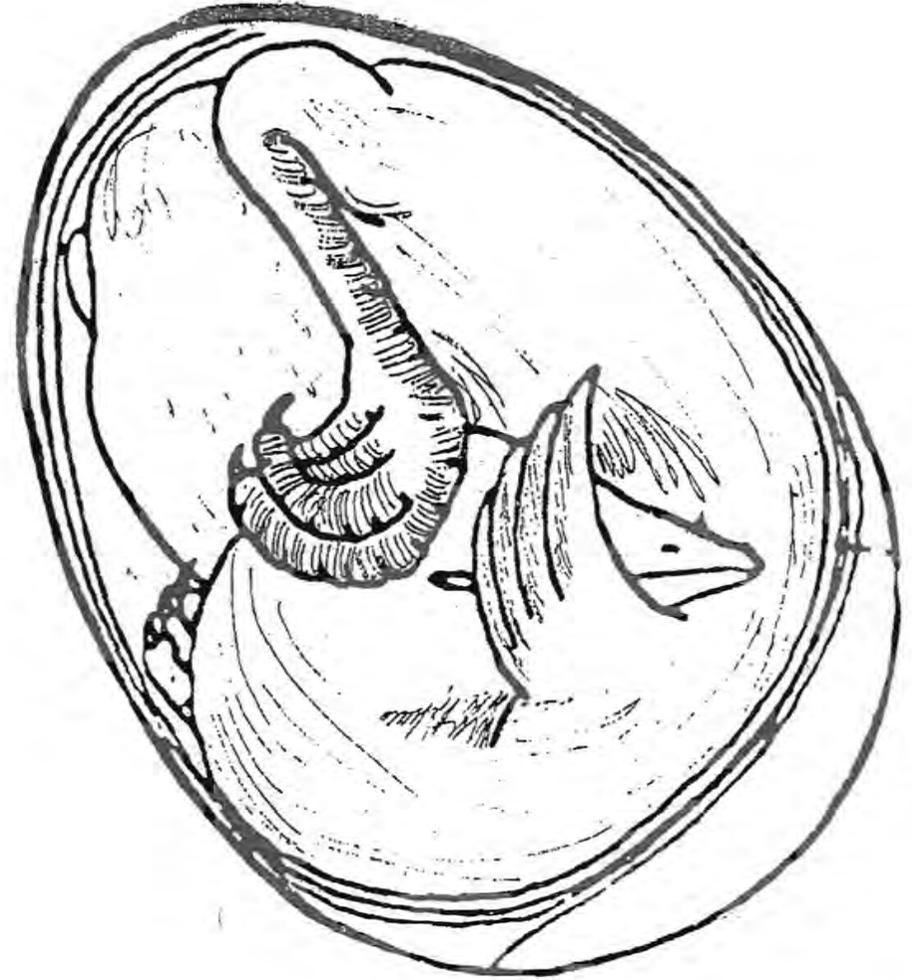

The temperature should be

99.5

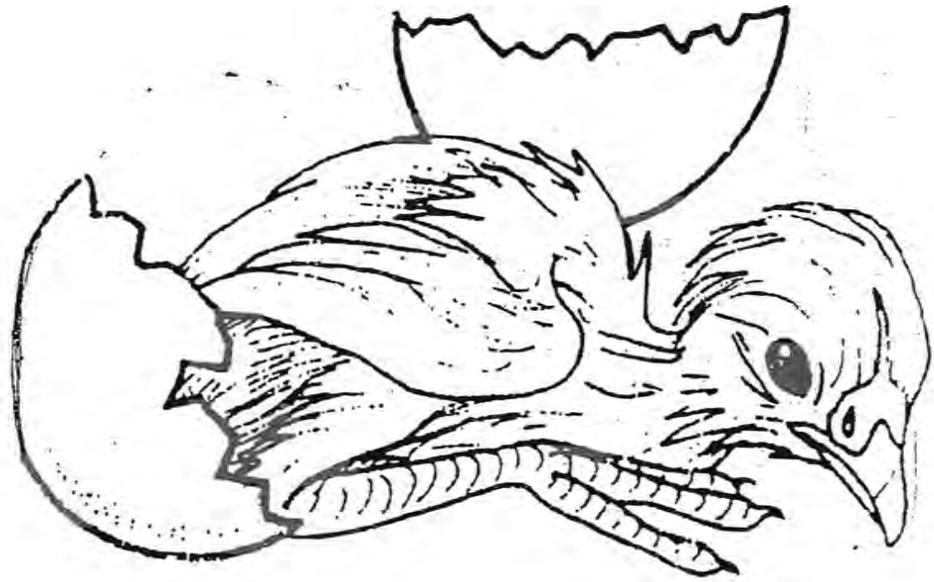

(color the middle red)

A thermometer measures temperature in the incubator.

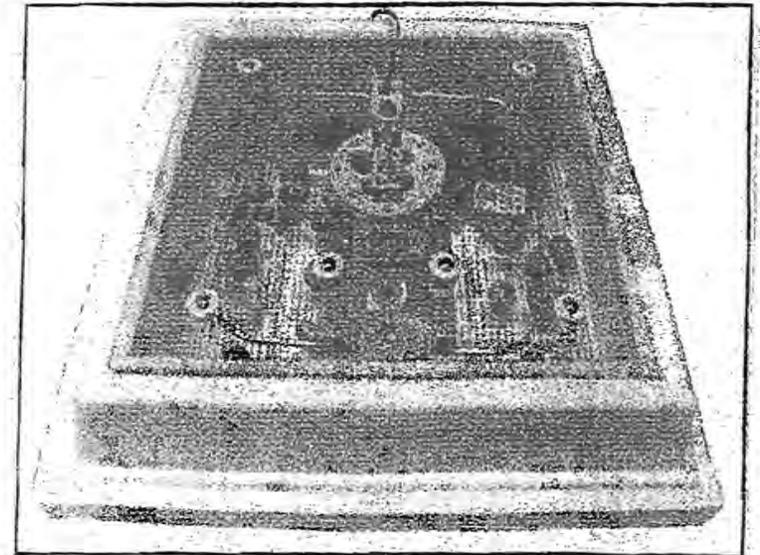

Baby chick grows inside the egg.

(color the egg brown)

Baby chick pecks his way out.

We put the eggs  
in an incubator.
