Use with Chapter 3.

# Picture Clues

Which animals live on land?

Draw lines from the animals to *Land*.

Which animals live in water?

Draw lines from the animals to *Water*.

**Land**

**Water**

**Directions:** Name each animal and tell whether it lives on land or in water. In the first row, draw a line from the animal to the *Land* box if the animal lives on land. In the second row, draw a line from the animal to the *Water* box if the animal lives in water.

**Home Activity:** Show pictures of a dolphin, a rhinoceros, a porcupine, and a manatee. Ask your child whether each animal lives on land or in water. Have your child explain how he or she knew.
