

Down in My Garden

(sing to the tune of "You Are My Sunshine")

Down in my garden,
My lovely garden.
So many pretty plants will grow.
Tell me which one is my favorite.
Say the plant name very slow.

dai—sy

Note: Hold up a picture of a plant and have students separate the sounds of the plant's name into syllables or phonemes.

Additional verses: Replace the bolded word with other plant names. Have students divide the new words into syllables, or give isolated phonemes for students to blend. For example, Say the plant name very slow. /r/ /o/ /z/
