

USING MUSIC IN THE CLASSROOM STRATEGY

Incorporating music in the classroom

- having a piano in your classroom
 - playing simple songs
 - ABC'S
 - 50 Nifty United States
 - Nursery Rhymes

Development

- Students become well rounded
- learn rhythms
- relax from stress
- ESL learners-learn words to songs
- restless/rowdy students-music gives them a chance to let loose

Gardner's Multiple Intelligence

- Musical intelligence-ability to produce and appreciate music
- sensitive to environment sounds
- people have the ability to recognize pitches, tones, rhythms

Budget Cuts

- The art department is usually the first to be cut
- if you have no piano in your classroom, you can use any musical instrument like a triangle, tambourine, or play CD's
- you can have students make their own instrument
