

Materials: white construction paper, liquid starch, brush, black marker pen, colored tissue paper, pencil.

### DIRECTIONS

1. On white construction paper, draw a design or picture with pencil.
2. Go over the penciled drawing with a black marker pen.
3. Tear 4 or 5 complementary colors of tissue paper into varied shapes.
4. Laminate torn pieces onto the drawing.
5. Use liquid starch to hold tissue on paper.
6. Leave no blank areas. Over lap the tissues when laminating. Dry.
7. Go over the marker lines once more.
