

FLOWER PAPERWEIGHT

Task 74

Materials: waterproof glue, jar with a screw on cover, small plastic flowers and greens.

DIRECTIONS

1. Arrange small plastic flowers and greens inside of the jar. Fill the entire length of the jar.
2. Fill the jar with water lightly tinted with a water color paint.
3. Place waterproof glue around the inside of the jar rim and screw on the cover tightly.
4. Attach netting to outside of jar using a rubber band.
