

# CONSTRUCTION

## Bird Feeder

## Task 113

Material: two pie tins, large nail, hammer, clothesline, one pound coffee can with lid, bird seed.

### DIRECTIONS

1. Punch a small hole in the exact center of the two pie tins.
2. Punch a small hole in the top and bottom of the coffee can.
3. Knot the end of the clothesline and starting from the bottom of a pie tin thread upward thru each hole. Tie at top.
4. Place bird seed in the lower pie tin and hang your feeder in a tree or corner of your house.
