

THE WORLD (Earth Day)

Fresh Air!

Walk or take a bus
instead of driving.
Turn off lights and
use less electricity.

**Healthy
People!**

Eat lots of fruits
and vegetables.
Have fun!

The earth is our home.
We can help to make it
clean and healthy.

Clean Water!

Use water-based paints
and markers. Instead of
throwing batteries away,
use rechargeable
batteries or sun power.

**Green Fields
and Forests!**

Plant a seed and help it
grow. Recycle paper so
that fewer trees need
to be cut.
