Don't leave toys and other items laying around the house. Someone could fall on them and get hurt.

It is a good idea to keep a First Aid Kit in your house and car.

A First Aid Kit should contain the following: bandages and antiseptic for cleaning the wound, an ice pack, gauze bandages, small scissors, adhesive tape, tweezers, surgical rubber gloves, antibiotic ointment, and cotton balls. It is also a very good idea to include a First Aid Handbook.

Only use scissors and knives with your parents permission. Be sure to put them back where they belong when you are done using them!

Unscramble the words.

8. tciacrpe	

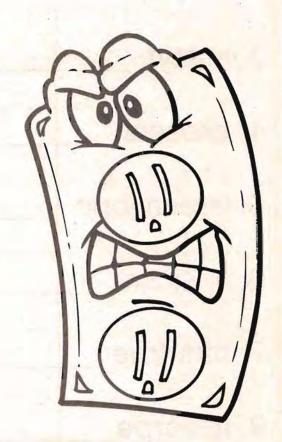

Dispose of all dangerous items carefully.

NEVER put a plastic bag over your head or in your mouth. The plastic could accidentally block the air you need to breathe or be a choking hazard. Dispose of them properly.

Put safety plugs in all unused outlets.

NEVER stick anything in an electrical outlet. It could cause you to be burned or shocked. Ask your parents to help you plug in all electrical items.

How many words can you make using the letters in

Practice home safety. It is not safe to run in the house. You could be injured if you climb on furniture or jump on beds. Find safe ways to play.

Only take medicine given to you by your parents or another responsible adult. You can become very sick if you take the wrong medicine. NEVER put anything into your mouth if you don't know what it is. NEVER take anyone else's medicine.

There are many things you can have that are good to eat!

There are many things in your house that you should not put into your mouth because they could make you very sick.

Be careful around things in your home that can become hot. This includes stoves, hot pans, fireplaces, and matches or lighters. NEVER play with any of them. They can burn you or cause a fire in your home. It's a good idea to have a fire extinguisher in your home.

Remember to check the batteries in your smoke alarms regularly!

Keep important numbers by your phone.

EMERGENCY NUMBERS
POLICE DEPT.
FIRE DEPT.
HOSPITAL
POISON CONTROL CENTER
DOCTOR
DENTIST
FRIEND OR RELATIVE

When you call 911 for an emergency it is important to try and remain calm and provide as much information as possible. If your community does not have 911 the emergency phone numbers will be printed on the inside cover of your phone book.

Talk with your family about what to do in case of an emergency.

Call 911 for help!

Always remember to call 911 in case of an accident or fire. Know your name and address. Listen carefully to the operator's instructions and stay on the line until help arrives.

LETTER TO THE PARENT

The Stop, Look and Learn™ line of coloring and activity books was created to educate and entertain your child. We encourage you to participate with your child in discussing each topic. Our goal is to create an activity book that will be a positive influence on your child's early development.
