Hot Dish Holder

Task 121

Materials : 33 ice cream sticks, elastic thread, small drill, large eyed needle, 33 colored beads.

1. Drill a small hole in the exact center of each stick.
2. Drill a small hole one half inch from end of each stick.
3. Using the needle and thread, go through hole near the end of each stick. Tie securely.
4. Do the same with the center holes, only alternate with the needle through a bead then a stick. Tie securely.

Wood may be painted and varnished before threading.
