

PAPER CONSTRUCTION

Lantern

Task 27

Materials: ruler, construction paper, white glue, scissors.

DIRECTIONS

1. Use construction paper $\frac{1}{2}$ " longer than it is wide. Fold paper in half lengthwise.
2. Place folded edges at bottom and open edges at top.
3. Mark and cut slits along folded edge, $\frac{1}{2}$ " apart and ending at $\frac{1}{2}$ " from top.
4. Glue edges together. Make a handle.
