

Name _____

THE EGG BOOK

This is the story of how a little chick hatched from an egg. "Once upon a time there was an egg. The egg began to crack. Before you knew it, a little chick was pecking at the egg and poking its head out of the shell. Finally, the little chick jumped out and said, 'Happy spring!'" This book is shaped like an egg. Color the pictures and then cut the pages out on the black lines. Put the pages in the correct sequence and staple one side.
