Twine Pot

Task 122

Materials: orange juice can, heavy twine or raffia or yarn, white glue, scissors.

DIRECTIONS

1. An orange juice can is the base for your twine pot.
2. Place a one inch layer of white glue around the bottom of the can.
3. Wrap heavy twine or yarn evenly around the can. Add another inch of glue and repeat. Your twine pot may be used as a flower pot or pencil holder.
